

## PLEASE READ: “Before You Inject Your Child...”

An urgent speech made recently by Robert W Malone MD

My name is Robert Malone, and I am speaking to you as a parent, grandparent, physician and scientist. I don't usually read from a prepared speech, but this is so important that I wanted to make sure that I get every single word and scientific fact correct.

I stand by this statement with a career dedicated to vaccine research and development. I'm vaccinated for Covid and I'm generally pro-vaccination. I have devoted my entire career to developing safe and effective ways to prevent and treat infectious diseases.

Before you inject your child – a decision that is irreversible – I wanted to let you know the scientific facts about this genetic ‘vaccine’, which is based on the mRNA vaccine technology I created:

### There are three issues parents need to understand:

**1. The first** is that a viral gene will be injected into your children's cells. This gene forces your child's body to make toxic spike proteins. These proteins often cause permanent damage in children's critical organs, including:

- Their **brain** and **nervous system**
- Their **heart** and **blood vessels**, including blood clots
- Their **reproductive system**.

And this ‘vaccine’ can trigger fundamental changes to their immune system. The most alarming point about this is that once these damages have occurred, **they are irreparable**.

- You can't fix* the lesions within their brain
- You can't repair* heart tissue scarring
- You can't repair* a genetically reset immune system.

*This vaccine can cause reproductive damage that could affect future generations of your family.*

**2. The second** thing you need to know about is the fact that this novel technology has not been adequately tested. We need at least 5 years of testing/research before we can really understand the risks. Harms and risks from new medicines often become revealed many years later.

Ask yourself if you want your own child to be part of the most radical medical experiment in human history.

**3. One final point:** the reason they're giving you to vaccinate your child is a lie.

Your children represent no danger to their parents or grandparents – It's actually the opposite. Their immunity, after getting Covid, is critical to save your family, if not the world, from this disease.

**In summary: there is no benefit for your children or your family to be vaccinating your children against the small risks of the virus, given the known health risks of the vaccine that as a parent, you and your children may have to live with for the rest of your lives.**

“As the original ‘inventor’ of mRNA and DNA vaccines, I am concerned about how the technology is being developed and implemented.”

“The risk/benefit analysis isn't even close. As a parent and grandparent, my recommendation to you is to resist and fight to protect your children.”

### RESEARCH – because this procedure cannot be undone.

- ▶ These new vaccines are **EXPERIMENTAL** and we are still in phase 3 of the trials until 2023. They are issued under emergency use only, which requires informed consent.
- ▶ How can we grant informed consent when we are not told about all the adverse reactions?
- ▶ The pharmaceutical companies have **complete immunity** from prosecution for any adverse reaction that vaccines cause.
- ▶ The FDA asked the high courts for Pfizer's data to remain unpublished for 55 years.
- ▶ Many of the former medical definitions were changed prior to Covid, including the definition of what a vaccine is.
- ▶ The average Covid death age is **82** years.

## KEY FACTS

# 99.995%

This is the chance that your child will **SURVIVE** if they catch Covid.

Citing myocarditis data, over 30 experts call on UK regulators to reassess Covid vaccines for 12 to 15-year-olds.

In a letter to the UK's Joint Committee on Vaccines and Immunisation, more than 30 politicians, doctors and medical experts said long-term effects from Covid vaccines could compromise the life expectancy of the country's children. [Jan 2022]

**Are you confused as to why you are not hearing about this?** It is because the people who control the information have enormous conflicts of interest.

The companies who are producing these experimental treatments have more money than governments, and are amongst the largest funders of the World Health Organisation, SAGE, the mainstream media and social media – everywhere the public is getting its information.

They are silencing 1000's of doctors, epidemiologists, virologists, injured victims, NHS Whistleblowers and suppressing thousands of scientific studies. Follow the money and you will see that all the 'fact checkers' are funded by the same companies. Many of the experts who are being censored were known as the worlds key experts before 2020. *They speak out despite their careers being ruined...*
