

# BIOMEDICAL FASCISM ON THE MARCH!

## BIG PHARMA, BILL GATES & THE WORLD HEALTH ORGANISATION STEALING OUR NATIONAL SELF-DETERMINATION

The World Health Organisation (W.H.O.) plans to intrude into and **control the way you manage your health** – the very same W.H.O. that’s controlled by Pharma and Gates, and has been driving the catastrophic and discredited global response to the so-called covid “pandemic”. **How can anyone trust these people with our health?**

They want sovereign nations to sign a treaty so they can impose their “One Health” decisions upon every global citizen, **overriding your own autonomous health decisions and your constitutional rights** (cf. lawyer Anna de Buisseret). National governments could detain and examine citizens suspected of being ill, based solely on the injunctions of unelected, “captured” W.H.O. bureaucrats. **THIS IS HUGELY DANGEROUS.**

The proposed pandemic treaty would infringe upon our rights, limit our freedoms, and usher in what is essentially centralised, biomedical fascism. It would turn the W.H.O. into a private entity governing the entire world, beyond any democratic accountability.

The W.H.O. would be able to:

- change the definition of a “pandemic”
- impose lockdowns worldwide
- impose universal vaccine mandates and vaccine passports
- promote novel vaccines, therapeutics and diagnostics
- promote untested medicines/vaccines
- develop global health surveillance systems

The next meeting of the World Health Assembly takes place on **22–28 May 2022**.  
The WHO aims to reach a preliminary agreement on **1 August 2022**.
