The Peace Keepers is based on everybody's natural right to uphold the peace and their obligation to uphold the peace. Everybody is a Peace Keeper. Your responsibility on this earth is to live your life without causing harm. This is the sole right of your existence.

By knowing our fundamental rights and being aware of the process and some basic laws of your rights, you don't have to feel uncomfortable when you find yourself in a situation where someone is unlawfully trying to impose their will on you. You can respond in a very peaceful, confident manner and communicate very honourably with them.
