REPORTING THE UNLAWFUL
"The Coronavirus Act 2020"

It is important to understand the context of the Act. The Act is a response to the COVID-19 pandemic and is intended to give the government the powers it needs to deal with the crisis. However, many people believe that the Act is unlawful and that it is a breach of the Human Rights Act 1998. This document provides information on how to report the Act as unlawful.

Chris Coverdale is an Organisation Development Consultant, War-Law Lawyer, Peace Activist, Corruption Investigator and Memetic Engineer (Social Engineering).

On Saturday the 3rd of June Chris will be talking about: **The Road to Freedom and Sovereignty - Lawful Tax Rebellion** – how we the people can use War and Trust Law to lawfully withhold tax and prevent Governments from using our money for criminal purposes.

Chris will also spend a bit of time talking about **'The Why and How of Community Co-ops'**.
